Hello

Form **W-9**
(Rev. October 2007)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)
DM Services LLC

Business name, if different from above

Check appropriate box: ☐ Individual/sole proprietor ☐ Corporation ☐ Partnership
☑ Limited liability company. Enter the tax classification (D=disregarded entity, C=corporation, P=partnership) ▶ C
☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)
108 N. Cohshan Dr

Requester's name and address (optional)

City, state, and ZIP code
Hazleton, PA. 18201

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Social security number
___ ___ ____
or

Employer identification number
20 1 1282785

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity

BALANCE TRANSFER INSTRUCTIONS

Just follow these simple steps to start saving money by transferring balances from your high-interest credit cards.

1. Complete the Balance Transfer Section on your Application Form. You may transfer any amount, but the total amount of your balance transfers and balance transfer fees must be less than your card's credit limit. You should not transfer the amount of any disputed purchases or other charges. If you do, you may lose your dispute rights. You may not transfer balances from debt accounts issued by Citibank, N.A. or its affiliates.
2. Continue to pay the other credit card issuer until we notify you in writing that we have approved the amount transfer. When we do, we pay the amount of the balance transfer directly to that issuer. It will take at least 14 days after your approval is received to process

You may have ThankYou Points as long as your Card Account is open and current. If your Card Account is closed, you will not be able to earn ThankYou Points and you will lose any accumulated ThankYou Points that have not been transferred to your ThankYou Member Account. Balance transfers, cash advances, convenience checks, returned purchases, disputed or unauthorized purchases, fraudulent transactions, finance charges, Card Account fees, and fees for services and programs you elect to receive through us do not earn ThankYou Points unless otherwise specified.

If you are approved for a Card Account, a ThankYou Rewards Transfer Account ("ThankYou Account Account") will be set up for you. ThankYou Points not in your Card Account at the close of each billing cycle and at that time we will transfer the ThankYou Points you received in your ThankYou Member Account. ThankYou Points are not eligible for redemption until they are transferred to your ThankYou Member Account. ThankYou Points may not be redeemed and may be lost if your Card Account is not open or current.

balance transfer agreements. During this time you may cancel or modify your balance transfer instructions calling the number on the back of your card.

3. Keep your account in good standing. If you default under your card agreement, you may lose any promotional APR on the balance transfer. We may not amount future balance transfers.

The SF425 De-Mystified

The Standard Form 425 (SF425), Federal Financial Report (FFR), has replaced the SF269A and SF270 due to the implementation of the Automated Standard Application for Payments (ASAP) system. ASAP has dispensed with the need f recipients to request and receive authorization for reimbursement of their expenditures. The SF425 is a cumulative repor which captures the financial status of an agreement at a specific point in time.

Recipient draws down funds from ASAP as needed for reimbursement of expenditures and submits the FFR according to t reporting frequency specified in Section VII, Deliverables and Reports, of their agreement. The report indicates how muc money has been drawn down, what the funds were used for and the remaining balance left at the end of the reporting period. Each report requires submittal of back-up documentation sufficient to show how the drawn down funds were a located to the budget items in the recipient's SF424A, Section B - Budget Categories (combined amount of the original obligated amount plus any modifications). These documents allow the Program Officer (PO) and Grants Management Officer (GMO) to ensure the project is staying within the parameters of the agreement.

GENERAL INSTRUCTIONS

1. Each agreement requires a separate SF425. Do not use one SF425 to cover multiple agreements.
2. Reports are submitted quarterly, semi-annually, or annually (based on **Calendar Year**) as specified in the agreement. Reporting frequency is determined by the PO and approved by GMO.
3. Reports submitted quarterly or semi-annually are due no later than 30 days past the reporting period end date. Annual reports are due no later than 90 days past the reporting period end date.
4. Final reports are due no later than 90 days past the ***agreement*** expiration date.
5. All amounts are ***cumulative***.
6. All lines must be ***completed*** (enter 0.00 or N/A as applicable on lines with no data to report.)

Block 1. BLM office that awarded the agreement (ex. BLM-Oregon State Office)

Block 2. The **BLM** agreement number (ex. L09AC12345)

Block 3. Recipient address

Block 4a. Recipient DUNS number

Block 4b. Recipient EIN number

Block 5. Recipient identifying account number (if any) *do not enter your bank account information*

Block 6. Reporting frequency as specified in the agreement. The last report for ***the agreement*** (not individual projects/tasks) should be marked ***Final***

Block 7. Recipient accounting method, *Cash* or *Accrual* (*Cash basis refers to the accounting method in which expenses are recorded when they are paid. For accrual basis, expenses are recorded when incurred.*)

Block 8. Date agreement was awarded and date agreement expires (not to be confused with the reporting period end date)

Block 9. The end date of the current reporting period

Block 10. Transactions

FEDERAL CASH. Enter cumulative amounts from the date of award through the end date of the current reporting period

- a. Cash receipts - amount of federal funds drawn down from ASAP
- b. Disbursements - amount of ***federal funds*** paid out
  Cash based accounting (a) should equal (b)
  Accrual based accounting (b) is usually greater than (a)
- c. Cash on Hand
  Cash based accounting should be $0.00 as recipient should not have drawdown any funds greater than thos expended. ***If line (c) is greater than $0.00 AN EXPLANATION MUST BE PROVIDED.***
  Accrual based accounting will usually be a negative number representing the amount of money owed to recipient (funds expended but not yet reimbursed)

Dear MADELEINE GIGNAC

Re BRITISH COLUMBIA DIRECT LEND STUDENT LOAN (S) INTEREST PAID

Early in 1998, Revenue Canada made changes to the Tax Legislation which allows an individual with Government Student Loans (Federal and Provincial) to claim interest paid status, with the 1998 tax year (excluding any payments made on behalf of students such as Interest Relief and Loan Forgiveness). Please refer to the Income Tax Act for current guidelines.

Accordingly, we advise that the amount of interest you paid on your Government Student Loan(s) during 2012 was $196.86

Please attach this form to your Income Tax Return if you intend to make this claim. Details on the credit and on how to claim it are available in the Federal Income Tax Guide that accompanies your 2012 Tax Return. Information is also available through Revenue Canada's Tax Information Phone Service (TIPS) at 1-800-267-6999 or online at www.canlearn.ca. Additional questions should be directed to your nearest Revenue Canada Office by calling 1-800-959-8281.

If you have any questions regarding the amount of interest paid or any other matter, please feel free to contact any of our Customer Service Representatives toll-free at 1 877 535 7680 or send an e-mail to customerservice@bcslservicebureau.com.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.com — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to Faxzero.com; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Central FAX Number Change

Now that the USPTO has gone to a centralized fax receiving point
there is only one official fax number for application specific correspondence with the USPTO. Note that OACS form paragraphs 7.101 and 7.102 will be updated with this new central official facsimile number in the August OACS release.

On July 15, 2005, the Central FAX Number will change to

7 Choose the correct Receive Mode

The six *Receive Modes* is determined by 1 external devices and telephone subscriber services (Voice Mail, Distinctive Ring, etc.) you have on the same line as the Brother machine.

Will you be using a Distinctive Ring number for receiving faxes?
Ringing uses the term Distinctive Ring, but telephone companies may have other names for this service such as Custom Ringing, Ring Master, Personal Ring, Teaching, Ident-A-Call, and Smart Ring, etc. *Distinctive Ring* is explained in the *Basic User's Guide* for instruction on setting up your machine using this feature.

Will you be using Voicemail on the same telephone line as your Brother machine?
If you have Voice Mail on the same telephone line as your Brother machine, there is a strong possibility that Voice Mail will override Brother machines will control which incoming calls are answered manually (See Voice Mail in chapter 8 in the *Basic User's Guide* for instructions on how to set up your machine using this service).

Will you be using a Telephone Answering Device on the same telephone line as your Brother machine?
Your external telephone answering device (TAD) will answer every call. Voice messages are stored on the external TAD and fax messages are printed. Choose External TAD for this receive mode. See the instructions below. For additional information see *Connecting an external TAD (telephone answering device)* in chapter 6 in the *Basic User's Guide*.

Will you be using your Brother machine on a dedicated fax line?
Your machine automatically answers every call as a fax. Choose Fax Only as your receive mode. See the instructions below.

Will you be using your Brother machine on the same line as your telephone?

Do you want to receive voice calls and faxes automatically?
The fax tones are made and sent when you or the person you are calling presses Start (or Black Start or Color Start) after dialing. See the instructions below. For additional information see *Fax/Tel* in chapter 6 in the *Basic User's Guide* for more details on setting your machine using this receive mode.
Important Note: You cannot receive voice messages or other voice sounds on an answering machine when choosing Fax/Tel mode.

Do you want to receive very few faxes?
Choose Manual as your receive mode. For voice calls, you must pick up the phone and press Speak on the Remote Activation code. See the instructions below.

Q *For details, see Using receive modes to choose in the Basic User's Guide.*

a Press Menu.

b Press ▲ or ▼ to choose Initial Setup.
Press OK.

c Press ▲ or ▼ to choose receive mode.

d Press ▲ or ▼ to choose the receive mode.
Press OK.

e Press Stop/Exit.

Note
If you have other answering machines, make sure the Distinctive Ring feature is set to Off. (See Turning off Distinctive Ring in chapter 6 in the *Basic User's Guide*.)

Parathyroid adenoma

Definition

Parathyroid adenomas are non-cancerous (benign) tumors of the parathyroid glands, which are located in the neck.

Causes, incidence, and risk factors

The parathyroid glands help control the break down of calcium in the body. Parathyroid adenomas are the most common cause of hyperparathyroidism, which leads to high levels of calcium in the blood (hypercalcemia).

Parathyroid adenomas are generally caused by a problem with your genes.

Women over 60 are at highest risk. Radiation to your head or neck also increase your risk.

Symptoms

Many people have no symptoms. The condition is often discovered by accident when you are being examined for another problem.

Symptoms that may occur include the following:

- Lethargy
- Confusion
- Nausea
- Constipation
- Myalgias (muscle pains)
- Kidney stones
- Bone fractures

Signs and tests

There may be signs of fractures.

Blood tests are done to check the levels of serum calcium, serum phosphorus, serum chloride, serum bicarbonate

Almond Cake

Mix 3/4 cup melted butter with 1 1/2 cups sugar. Add 2 eggs. Mix in 1/2 tsp salt. 1 1/2 cups flour and vanilla and almond flavoring. Don't have an argument on the flavoring but I think I use about a tablespoon each. Sprinkle almonds and sugar on top. Bake 30 minutes at 350. Enjoy, and Merry Christmas. Catherine

To laugh often and much, to win the respect of intelligent people and the affection of children, to earn the appreciation of honest critics and endure the betrayal of false friends, to appreciate beauty; to find the best in others, to leave the world a bit better, whether by a healthy child, a garden patch, or a redeemed social condition, to know even one life has breathed easier because you have lived. This is to have succeeded

statement in the manner described in District Court Local Civil Rule 26.1(d)(6)(a) and address the following:

1. Basis of jurisdiction, and also state whether the matter is core or non-core. If the matter is non-core, the parties shall state whether they have consented to their pleadings to the court's entry of a final order under 28 U.S.C. § 157(c)(2) and, if they have not consented, the parties shall state whether they now consent to the court's entry of a final order under 28 U.S.C. § 157(c)(2).

2. Statement of uncontested facts.

3. Statement of facts which are in dispute.

4. *Damages or Other Relief.* A statement of damages claimed or relief sought. A party seeking damages shall list each item claimed under a separate subheading, shall provide a detailed description of each item and state the amount of damages claimed. A party seeking relief other than damages shall list the exact form of relief sought with precise descriptions of location, parties, places and things involved.

5. Legal issues presented set forth in separate paragraphs and the constitutional, statutory, regulatory and decisional authorities relied on. (Counsel shall include a brief statement regarding which parties has the burden of proof on each legal issue.)

Witnesses' names and addresses listed separately for liability and damages in the order they will be called with a brief statement of the evidence they will give. If a witness is to be called as an expert, the witness' qualifications as an expert and a summary of the experts qualifications shall be attached.

A list of all exhibits to be offered into evidence shall be serially numbered and physically exchanged before trial in accordance with the schedule.

A list of each discovery item and trial deposition to be offered into evidence. (Counsel shall designate on the portion of deposition testimony and by number the interrogatories which shall be offered in evidence at trial.)

Estimated trial time.

A certification that the parties have attempted good faith settlement discussions without success.

(Effective February 1, 1998. Amended December 11, 2006.)

SOURCE

This rule was formerly a portion of 97 L.B.R. 7026-1. It was originally modified effective December 11, 1996, to delete [illegible] substitution (a) as inconsistent with F.R.Civ.P. 26. [illegible] amended to incorporate [illegible] and to make [illegible] (c) in former subdivision (b).

LOCAL RULE 7025-1. CLASS ACTIONS

Rule 23.1 of Local Rules of Civil Procedure of the United States District Court for the Eastern District of Pennsylvania, set forth as follows, shall apply in all adversary proceedings:

Rule 23.1 Class Actions

In any case sought to be maintained as a class action:

(a) The Complaint shall bear next to its caption the legend, "Complaint—Class Action."

(b) The Complaint shall contain under a separate heading, styled "Class Action Allegations."

(1) A reference to the portion or portions of Rule 23 Fed.R.Civ.P. under which it is claimed that the suit is properly maintainable as a class action.

(2) Appropriate allegations thought to justify such claim, including, but not necessarily limited to:

A. The size (or approximate size) and definition of the class;

B. The basis on which the plaintiff (or plaintiffs) claims

(i) to be an adequate representative of the class, or

(ii) if the class is comprised of defendants, that those named as parties are adequate representatives of the class

C. The alleged questions of law and fact which are claimed to be common to the class;

D. In actions claimed to be maintainable as class actions under subdivision (b)(3) of Fed.R.Civ.P. 23, allegations thought to support the findings required by that subdivision.

(c) Within ninety (90) days after the filing of a complaint in a class action, unless this period is extended on motion of good cause appearing, the plaintiff shall move for a determination under subdivision (c)(1) of Fed.R.Civ.P. 23, as to whether the case is to be maintained as a class action. In ruling on a motion, the Court may allow the action to be so maintained may disallow and strike the class action allegations or may order postponement of the determination pending discovery of such other preliminary procedures as appear to be appropriate and necessary in the circumstances. Whenever possible, where it is held that the determination should be postponed, a date will be fixed by the Court for renewal of the motion.

(d) The foregoing provisions shall apply with appropriate adaptation, in any counterclaim or cross-[illegible] as they shall [illegible] to a pleading [illegible]

Agenda (purchased in the office for $4.00)

Grading:
90-100 A 70-79 C 0-59 F 80-89 B 60-69 D

Agenda:
It is important for each student to utilize their student agenda. The agenda provides valuable information regarding school policies and consequences for violating those policies. The agenda includes the daily planner where students should copy down assignments for each class. The agenda will be used as a hall pass and may be randomly checked by teachers for a grade. An agenda may be purchased in the school office.

Late work policy:
Students may turn in late assignments for 50% credit. The teacher will contact the parent(s) when zeros begin to affect the student's grade. Additionally, students with missing assignments will attend periodic lunch study halls.

Tardy:
Team Yale follows the school's tardy policy which can be found in the agenda.

Exiting the classroom during class:
Each student will receive two emergency hall passes per quarter, which may be used as a locker or restroom pass. The students will receive these passes at the beginning of each quarter and it is their responsibility to keep up with them. Once used, or lost, permission will not be given to leave the classroom except when excused by the front office, or in a true emergency situation.

Information About Your TRA Packet

This packet of forms is being sent to you because you will soon begin to draw Trade Readjustment Allowances (TRA) benefits.

Included in the packet are

- UIA 1628 Booklet *If Imports Cost You Your Job* — Apply for Trade Adjustment Assistance.
- UIA 1624 *Checking on Your Benefit Payments*
- Trade Readjustment Allowances Fact Sheet #102
- UIA 1712 *Calendar*
- 13 copies of *TRA Continued Certification by Mail* (Form UIA 1785-2).
- 6 copies of *Bi-Weekly Request for Allowances by Workers in Training Under Trade Act of 1974 as Amended* (Form WDA 923-A). This form will be called the "school attendance form" on the remainder of this notice. **Use this form only if you are attending TAA–approved training.**

You can no longer call MARVIN. You must now mail or fax forms to receive benefits. However to determine if your payment has been issued, call MARVIN and choose the "inquiry" option, which is option 2 or go online at www.michigan.gov/uia. Not completing the forms correctly or not submitting them on time may cause your check to be delayed or benefits to be denied.

If you are not attending TAA–approved training

Use the enclosed certification form. In Item 4A list at least two places where you looked for work for each week. Use the back of the form for additional space. In addition to sending the forms your WDA 840, *Waiver of TRA Training Requirement– Trade Reform Act of 2002*, must be reviewed every 90 days and an extension issued every 6 months by the Michigan Workforce Agency (MWA) in order to remain eligible for TRA benefits. Contact your MWA case manager to schedule your reviews and extend your waiver. If you do not know your MWA case manager's phone number call the MWA to find that information. To obtain the number of your MWA, call 1 800-285-9675 (WORK).

Mail or fax the forms immediately after the date listed in Item 2 on the certification form (UIA 1785-2). The forms must be received by the TRA/Special Programs Unit by the Friday following this week to be considered on time.

Do not mail or fax the forms on or before the date listed in Item 2 on the certification form. If you do this we will have to return the form to you to be re-signed and dated, and this will cause a delay in your payment.

If you are attending TAA–approved training

Use the enclosed certification form and the school attendance form.

Complete the entire certification form, sign, and date it. Complete the top portion and Sections A and B of the school attendance form. **Sign and date form**. The weeks listed in the top portion of the school attendance form must be the same weeks that are listed in Items 1 and 2 of the certification form. Your school must complete Sections C and D of the school attendance form.

Attach the forms and **mail or fax them together** to the TRA/Special Programs Unit (address and fax number below). Send a copy of the school attendance form to your MWA case manager.

Mail or fax the forms immediately after the date listed in Item 2 on the certification form. The forms must be received by the TRA/Special Programs Unit by the Friday following this week to be considered on time.

Do not sign, mail or fax the forms before the date listed in Item 2 on the certification form. If you do this, your form may be returned without payment.

Test your fax setup

You can test your fax setup to check the results of the HP All-in-One and to make sure it is set up properly for faxing. Perform this test after you have completed setting up the HP All-in-One for faxing. The test does the following:

- Tests the fax hardware
  Verifies the correct type of phone cord is connected to the HP All-in-One
- Checks that the phone cord is plugged into the correct port
  Checks for a dial tone
- Checks for an active phone line
  Tests the status of your connection

The HP All-in-One prints a report with the results of the test. If the test fails, review the report for information on how to fix the problem, and then retest.

To test your fax setup from the control panel

1. Set up the HP All-in-One for faxing according to your particular home or office setup instructions.
2. Insert the paper cartridges and load full-size paper in the main tray before starting the test.
3. Press **Setup**.
4. Press ▼ to highlight **Tools**, and then press **OK**.
5. Press ▼ to highlight **Run Fax Test**, and then press **OK**.
   The HP All-in-One displays the status of the test on the display and prints a report.
6. Review the report.
   - If the test passes and you are still having problems faxing, check the fax settings listed in the report to make sure the settings are correct. A blank or incorrect fax setting can cause problems faxing.
   - If the test fails, review the report for more information on how to fix any problems found.
7. After you pick up the receiver for the HP All-in-One, press **OK**.
   If necessary, resolve any problems found and rerun the test.

Set the fax header

The fax header prints your name and fax number at the top of every fax you send. HP recommends that you set up the fax header by using the software that you installed with the HP All-in-One. You can also set up the fax header from the control panel, as described here.

NOTE In some countries/regions, the fax header information is a legal requirement.

To set a default fax header from the control panel

1. Press **Setup**.
2. Press ▼ to highlight **Basic Fax Setup**, and then press **OK**.
3. Press ▼ to highlight **Fax Header**, and then press **OK**.
   The visual keyboard appears on the display.

Request.

We are having trouble sending faxes in the Deans' office. If you could please check to see if you can send a fax from your area that would be great. Below is a toll free number we can use to test the functionality of our fax lines

Sending Faxes
To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to (http://faxtov.net/). It's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

Please let me know once you have tried it and what kind of response report you get back

Thanks,

Donna

Customer Quick Fixes

TV has no picture or remote is not responding:

- Make sure that the TV is on the right input for the cable box to display a picture (i.e. Channel 3 or 4, Video 1, component, HDMI etc.) **YOUR DEFAULT CHANNEL IS:** [ ]
- If your VCR is on, try turning it off. This can disrupt the feed from the box to the TV.
- Verify that there is nothing obstructing the path of the remote to the cable box.
- Make sure that there are fresh batteries in the remote and that they are inserted correctly.
- Make sure you press the "cable" button on the remote if trying to change channels.
- If none of the above work, you may need to reprogram your remote. Go to **www.xfinity.com** and enter "Program my remote" in the search window.

If you are unable to access the Internet:

- Verify all lights on the modem including the "online" and "power" lights are on. If not, press the Standby button on the front or top of your modem. Press the Standby button again to restore power.
- If a "*Welcome To Comcast*" page is showing, walk through the "I Am a Customer" setup option.
- If you have recently connected a device (gaming console, laptop, etc.) power cycle the modem each time by unplugging the modem's power cord and then plugging it back in.
- If you are using a router (personal or from Comcast), unplug the power cord to both the modem and the router and turn off the computer. Plug in the modem. After 30 seconds, plug in the router and then turn on the computer. (This is the correct series of powering up all devices to make them work together correctly.)

  Another Option: Disconnect your router and plug in your computer directly to the modem. If that works, your router may be the issue. (**Note:** *Consult the router's owner's manual as Comcast does not support non-Comcast equipment.*)
- Try temporarily disabling any spy-ware, firewall or anti-virus programs that are running. Then, reset the modem. (Sometimes, these programs may block you from connecting to the internet.)
  Make sure you re-enable the programs afterwards!
- If using a work issued laptop, contact your IT administrator to update / verify settings.

Your phone has no dial-tone when you pick it up:

- Verify the lights on the phone EMTA are on. (When the phone is on hook, the "**tel 1**" light should be solid. When you pick up the phone, "**tel 1**" light the old be blinking.) If no lights are present, confirm that the modem is plugged in. (Try using a pen/pencil to push the "reset" button on the back of the modem to reset the line.)
- Make sure the phone cord on the back of the phone EMTA is plugged into the "**tel 1/2**" port and not the "**tel 2**" port. (The "**tel 2**" port is for a 2nd preset number only.)
- Try plugging your phone directly into the "**tel 1/2**" port on the back of the phone modem.

Je sSoft Team is proud to present additional module from **JeraSoft VCS** that allows to get out of box integration with **FreeSWITCH**. It is still available by docker-initialized set of fully-functional VoIP platform based on **FreeSWITCH** and **JeraSoft VCS**.

The module was developed in close collaboration between **FreeSWITCH** and Je sSoft teams that allowed to assemble out-of-box and feature solution for all users of **FreeSWITCH** and **JeraSoft VCS**.

Following features will be available instantly and without additional development:

RADIUS Authentication of customers by login+password

RADIUS Authentication of customers and vendors by IP (generally for interconnect customers)

RADIUS Start Accounting for tracking of current calls in real time

RADIUS Stop Accounting for storing and getting

Further on we will add some additional modules which will complement the functionality. Dynamic Routing feature via SIP Redirect Server. And once again - this is not the limit and we shall add any customer specific features.

Currently we believe that this new solution will be very interesting and important. If you are looking to build your VoIP business on **JeraSoft VCS** solution - don't hesitate to ask **FreeSWITCH** to switching platform.

The module is included in **JeraSoft VCS** from the version 24.2 that is already available.

Amount Due $ 1,246.74
Taxable Year(s) 12/13

You are required to deduct and withhold the amount shown above from any checking or savings accounts, certificates of deposit, funds in escrow, credit union share accounts, or any other credits or property belonging to the corporation. You are required to withhold the lesser of: (1) the amount due or (2) the amount in the corporation's account(s) at the time you receive this order.

We request that you take the following steps:

1. Notify the corporation your depositor that you are holding funds pursuant to our Order to Withhold Tax.
2. Hold the withheld funds for 10 business days from the date you receive this order.
3. Contact our office regarding special or unusual situations such as possible problems with regard to trustee and fiduciary accounts or certificates of deposit.
4. At the end of the holding period, remit the withheld funds to the Franchise Tax Board **unless** you received a release from this department.

Forward the amount withheld to the address shown above. The remittance check is made payable to the Franchise Tax Board and attached to the remittance copy of this order. If there are no funds to be withheld, there is less than the amount due or if you have holding a valid deposit lien or any other property of the corporation, please indicate on the remittance copy. If you are not sending a payment, you can fax the remittance copy to (916) 843-1977. FAILURE TO WITHHOLD and remit the amount due may make you liable for the amount due. YOU ARE NOT LIABLE to the corporation for any amounts that you are required to withhold and pay to the department. This order is made pursuant to Section 19870 and 19874 of the California Revenue and Taxation Code.

SPECIAL INFORMATION CONCERNING TAXPAYER RIGHTS:

If we levy upon your property or rights to property, or sell your property, you may have the right to request that we return your property if you enter into an installment agreement to pay your tax liability. You may also have the right to request that we release our levy if the release will help you pay your tax liability. For more information about your rights, contact the Taxpayer Rights Advocate Office at 1-888-635-0427.

If you believe that this levy will cause an economic hardship, or if you already have entered into an installment agreement, you may request that we release our levy. You must make your request in writing and provide documentation to support your claim. Mail your request to: Franchise Tax Board, Attn: Special Procedures Bureau, PO Box 2952, Sacramento CA 95812-2952.

If you disagree with the levy, you may request a Collection Due Process hearing. You must make your request in writing and submit it to the Office of Appeals within 30 days from the date of the levy. (Revenue and Taxation Code Section 19384)

If immediate full payment of the amount due will cause an undue hardship, or if you already have paid the total amount due, but not all of it was withheld, please telephone the phone number shown at the top of this notice for assistance. You should have this notice with you when you call.

In keeping with the California Taxpayers Bill of Rights, we have a Taxpayer Advocate who resolves cases where taxpayers have been unable to resolve their problems with us through regular channels. You can contact the Taxpayer Advocate by mail: Taxpayer Advocate Bureau, PO Box 1857, Sacramento CA 95812-1857; Telephone: (888) 635-0427; Website: www.ftb.ca.gov.

Assistance for persons with disabilities. We comply with the Americans with Disabilities Act. Persons with hearing or speech impairments please call TTY/TDD (800) 822-6268.

Reporting in ADNM

ADNM features powerful reporting capabilities second to no competing product. You can create a variety of useful reports from information collected by the AMS from the clients. You can export these reports to many popular formats. You can even have the reports sent to the management team automatically on periodic intervals.

Reporting in ADNM is enabled, as is almost everything else, by certain tasks. Reporting tasks are grouped in a special folder in the console under the Server-side tasks category.

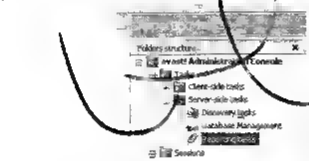

Figure 7-1. Reporting tasks in the console tree

7.1 ADNM Reports

ADNM comes with about twenty predefined reports, as described below.

7.1.1 Network Machines Summary

This report lists all computers on the network. It can be generated in two forms. The first form gives a summary of each computer—which group it's in, what operating system it runs, and what managed products it has installed. The second form contains much additional, detailed information about every computer on the

- [ ] **Shoes / boots** – Bring at least two pairs of comfortable shoes that you can change into when you walk for the camping. Some campsites may require you to wear closed-toe shoes.
- [ ] **Jeans / long pants** – These are a great idea for cool nights or when camping in forests where there is still vegetation as they serve a good protection from bugs.
- [ ] **Shorts** – These are a good idea for camping in warm or hot weather.
- [ ] **T-shirts** – These are very versatile and can be used for anything from hiking to sleeping clothes.
- [ ] **Socks** – Bring a couple of socks. For most people, always keep your feet dry.
- [ ] **Hat** – Hats serve many purposes, protecting you from sun and rain.
- [ ] **Jumping** – Pick a hat that matches the rest of your outfit and wear each. It is a nice look that is also a standard. A sweatband is handy as a small garment, also as a mere shower. Don't forget it.
- [ ] **Sweater / sweatshirt / hoodie jacket** – It is convenient to dress in layers for better comfort in changing temperatures. Layers of long garments adds a light layer of warmth for just what purpose.
- [ ] **Underwear** – Be an economist in the sense that unless you have the option to do laundry.
- [ ] **Bra** – You may want to pack an extra one as they could get wet and dirty while camping.
- [ ] **Sleep clothes** – Bring something to sleep in. Get comfy, you can sleep in your clothes or even just a T-shirt in milder weather. Considerably change your clothes before bed to prevent getting chilled from perspiration in the clothes you've been wearing all day. Even if they seem dirty.
- [ ] **Rain gear** – If you came long enough ensure your attire is also on your camping list. The best way to handle rain is to be prepared. A sturdy and rain coat is great, but you can always wear a plastic rain poncho in a pinch.
- [ ] **Shower shoes / flip flops** – No matter how clean a bathhouse/shower is, you should always wear shower shoes in a public shower. It is a low dry thing to do.
- [ ] **Towels are worthwhile** – Depend on on the length of your trip, you can pack smaller by only taking one towel per person and one washcloth per day per person. Simply reuse the towel each day and hang it up to dry between use.
- [ ] **Soap** – or not a bar of soap in a sturdy soap case.
- [ ] **Shampoo and conditioner** – Pack these in small travel size containers.
- [ ] **Teeth brushes in toothbrush holders / tooth paste** – Don't forget oral hygiene when camping!
- [ ] **Dental floss** – DON'T forget to floss.
- [ ] **Mouth wash** – Camping is the excuse to also wear real minerals!
- [ ] **Deodorant** – Bring what works best for you.
- [ ] **Razor / shave** – Bring what works best for you.
- [ ] **Razor** – Men and women may want to bring one of these as their personal needs.
- [ ] **Shaving cream** – Consider packing a travel size, or you don't need much for a short trip. Or just use "Grizzly Adams."
- [ ] **Feminine products** – Bring what you think you will need – as a rule of thumb that you don't want to be without when you really need it.
- [ ] **Insect repellent** – Mosquitoes are a nightmare and mandatory, if accompanied by them. They may ruin a great trip at places before the next services. So you're not left without. Bring along some tasty mints just in case.
- [ ] **Personal medications** – Don't forget to take medications for anyone camping with you. You may even want to take extra in case some is lost or ruined by the weather.
- [ ] **Sunscreen / sunblock** – If you're an ice cream type as an area that will have a lot of sun exposure, make sure you have this for everyone as you go.
- [ ] **Sunglasses** – You can be thankful to protect your eyes for the sun. Just like your skin.

Situational Awareness when a Fire Starts | "Getting Set"

- ☐ Evacuate as soon as you are able to go.
- ☐ Alert family and neighbors.
- ☐ Dress in appropriate clothing, made with natural fibers (i.e. cotton, and work boots. Have goggles and a dry bandana or particle mask handy.
- ☐ Ensure that you have your emergency supply kit that includes all necessary items, such as battery powered radio, spare batteries, emergency contact numbers, medicine prescriptions, and ample drinking water.
- ☐ Stay tuned to your local TV or radio stations for updates.
- ☐ Remain close to your house, drink plenty of water and keep an eye on your family and pets until you are ready to leave.

INSIDE CHECKLIST

- ☐ Shut all windows and doors.
- ☐ Remove flammable window shades and curtains.
- ☐ Move flammable furniture to the center of the room, away from windows and doors.
- ☐ Shut off natural gas at the meter.
- ☐ Leave your inside house lights on so firefighters can see your house under smoky conditions.
- ☐ Shut off the air conditioning.

OUTSIDE CHECKLIST

- ☐ Gather up flammable items from the exterior of the house and bring them inside (e.g., patio furniture, children's toys, door mats, etc.)
- ☐ Turn off any propane tanks.
- ☐ Don't leave sprinklers on or water running – they can waste critical water pressure.
- ☐ Leave exterior lights on.
- ☐ Back your car into the driveway. Shut doors, and roll up windows.

IF YOU ARE TRAPPED: SURVIVAL TIPS

- ☐ Stay inside your house away from outside walls and windows.
- ☐ Patrol inside your home for spot fires and extinguish them.
- ☐ Wear long sleeves and long pants made of natural fibers such as cotton.
- ☐ Stay hydrated.
- ☐ Ensure you can exit the home if it catches fire. Remember if it's hot inside the house, it is four to five times hotter outside.
- ☐ Fill sinks and tubs for an emergency water supply.
- ☐ Place wet towels under doors to keep smoke and embers out.
- ☐ If your house catches fire, move to the far end of it and close windows and inside doors to restrict the spread of the fire. When it is safe to do so, exit your house and move to the "blackened" area of your property or neighborhood that has already burned. It is safer to be in an area that has already burned than an area not yet burned.

Thanks

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Tor — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Career Objective (What kind of jobs are you targeting?)

EMPLOYMENT HISTORY

- Start from your most recent position and work backward. Anything past 10 years can be summarized in one area
- **Use your evaluations from the last 10 years to fill out the duties and accomplishments sections of the worksheet!** This is easy to reach information and will make your job of filing this out easy
- Use as much space as you need in describing your work history and/or military service
- It is critical that you include any and all awards and recognition you received while working to allow us to show your exceptional abilities!
- Too much information is preferred over too little. Let us use our professional judgment to determine what to include and how to describe it when we create your résumé

A rural partnership looks to foster a college-going culture

By Matthew Pembleton, Published June 1, 2011

AUSTIN, Texas — Two years ago Kevin Pollock was at a reception to meet community members as the new president of St. Clair County Community College (SC4) in Michigan when Kevin Miller approached him. The local K-12 superintendent's first words to Pollock were "We need to talk."

Kevin Miller (left), superintendent of Croswell-Lexington Schools, and Kevin Pollock, president of St. Clair County Community College, discuss an early college program crafted by the two systems.

Miller wanted to get started on a partnership between Croswell-Lexington Schools and SC4 as soon as possible. In a rural area with a high unemployment rate and where only 9 percent of the residents had a bachelor's degree, he saw collaboration between the two systems as critical to developing a college-going culture.

That culture would fit into the area's economic strategic plan: An educated, skilled workforce draws employers.

Pollock and Miller quickly began working together, developing an early college program for talented students that would allow them to earn both a high school diploma and an associate degree in five years. CLS was born. The two leaders outlined the program at the annual National Institute for Staff and Organizational Development conference this week.

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Preceding *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Fax Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE:

The most common cause of failure is that the fax number set in the FaxHeader on the machine does not match the number of the phone line connected to the fax. Also, ensure that the FaxHeader contains the Full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

۵. مسأله کاشی‌کاری کاشی‌هایی داریم که هر یک مطابق شکل زیر از ۲ قطعه با اندازه ۱×۱ تشکیل شده‌اند.

یک کاشی

اتاقی مربعی شکل با ابعاد $n \times n$ داریم (n توانی از ۲ است) که می‌خواهیم کف آن را با چنین کاشی‌هایی بپوشانیم. در کف این اتاق حفره‌ای با ابعاد ۱×۱ وجود دارد که مانند زوی آن را با کاشی بپوشانیم. الگوریتمی به روش تقسیم و حل ارائه کنید که عدد n (ابعاد اتاق) و موقعیت حفره را گرفته و عمل کاشی‌کاری را انجام دهد. مرتبه زمانی الگوریتم را مشخص کنید. در شکل زیر، اتاقی با ابعاد ۸×۸ نشان داده شده (مربع سایه شکل حفره را نمایان می دهد) و در تصویر بعد، حاصل کاشی‌کاری آن دیده می‌شود.

INFORMATION REGARDING THE SELECTION OF STUDENTS

Approximately 40 students will be admitted for the September 2007 intake. The final selection among the applicants fulfilling the specific prerequisites for LUMID is based on academic degrees and grades, the statement of purpose written by the applicants, and the recommendations given. As LUMID wishes to create an interdisciplinary and international learning environment, the programme takes into consideration where (from what country) applicants have completed their previous education and the academic subject background of the applicants, when making the final selection into the programme.

A [illegible] ladder leans against a [illegible] building. The ladder is 20 feet long. The bottom of the ladder is pulled away from the building at a rate of [illegible] feet per second.

(a) How fast is the top of the ladder moving down the side of the building when the top is 12 feet above the ground?

(b) How fast is one angle of the triangle formed by the ladder, building, and ground changing then? (Hint: You will need the value found in part (a).)

(c) At what rate is the area of the triangle formed by the ladder and the ground changing then?

b. Let $f(x) = \sin^{-1}(\frac{x}{2})$

(a) Find the derivative of $f(x)$, $f'(x) = ?$

(b) Use your linearization to approximate $\sin^{-1}(1)$

The Digital Artistry of Don Lambert
Friday, May 11 from 5 - 8 p.m.

The Digital Artistry of Don Lambert **Digital Artistry** is an apt name for the artwork created by Don Lambert. Using a number of different computer software programs, a computer painting stylus and a pressure sensitive tablet, Lambert takes his original photographs and creates something truly unique. Lambert takes the original photo images, enhances and adds to them in one computer program and then digitally paints them in another. "It's certainly going to be different from what people have seen before." This is Lambert's first show in 33 years.

Receive Billing Rate Description

UPS's liability for loss or damage to each shipment, package or item of material shipment, limited to $100, unless a greater value is declared in the package value field of the UPS Air Waybill, or a lesser one if shipper agrees that the declared value of such shipment, package or item of material is not greater than $100, which is the maximum liability under UPS's Terms and Conditions of Service. Certain items, such as, but not limited to, perishables, precious metals, negotiable instruments and other items listed in our Service Guide, are excluded from UPS's liability. Limitations of liability for loss or damage may also apply to packages and items shipped internationally. In the case of loss or damage, you must file a claim within a time limit (which may be shorter than nine months) as specified in UPS's Terms and Conditions of Service. Such claim must be accompanied by the shipper's paid UPS invoice number. Depending on the value of your claim, you may be asked to provide additional documentation. The maximum amount of a COD shipment is $50,000. The maximum amount of insurance for certain commodities, such as, but not limited to, jewelry, precious metals, negotiable instruments and items listed in our Service Guide, is $500. These limitations may not apply if you purchase additional insurance. For complete details regarding UPS's liability limitations, terms and conditions for shipping with UPS, including maximum liability limitations and items excluded from coverage, see the UPS Tariff/Terms and Conditions of Service at ups.com. Contact UPS at 1-800-PICK-UPS for a copy of our Tariff/Terms and Conditions of Service.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

Scanner (HP) work-around for Lion

1. Eliminate all the currently installed HP software by using the uninstaller located in Applications/HP LaserJet Software Uninstaller

2. Unplug the USB cable and the Ethernet cable from the 3055

3. Open the Print and Fax System Preference and <control>-click or right-click on the list of printers on the left. Select system.
Then click OK on the warning

4. Reboot the Mac OS

5. Run the HP All-in-One installer exe file the LJMFP3055a3SnOSX10.9Update-v8.2.dmg provided in THIS directory

http://hp1060.www1.hp.com/bizsupport/TechSupport/SoftwareDescription.jsp?lang=en&cc=us&prodTypeId=3...

(a) Click through any warning messages that appear

(b) It may say that some text file was improperly installed; ignore it

(c) When the installer prompts for the USB cable to be connected do so!

(d) Once the install is complete click restart on the All-in-One installer window. The Mac OS will restart.

6. After the Mac has restarted start the execution of the HP Setup Assistant in one manner
To do so, I opened a terminal window and executed the sudo command as follows.

sudo /Applications/HP LaserJet Software/HP Setup Assistant.app/Contents/MacOS/HP Setup Assistant

(a) DO NOT go past the very first prompt of the HP Setup Assistant!

(b) Now run the usual Apple Software Update Check.
It will find the missing HP printer driver and install it.

(Newer, you can install it directly from here: http://support.apple.com/kb/dl907)

(c) NOW continue with the HP Setup Assistant.
It will show the 3055 printer that it finds in the install window
Click on this printer and then follow the instructions to
complete the execution of the setup assistant.

I had several error messages in the terminal window where I executed
the sudo instruction above. I ignored all of them and waited for the
HP Setup Assistant declared it finished the installation

7. Now the HP 3055 should be functional for Scan and Print.

Try scanning and printing (all this with the USB cable)

Note that as IronBadger wrote in his posts the HP 2 router may have to be restarted a couple of times for the printer to show up for scanning

To avoid this annoying "feature" I put the "HP Scan" app directly on my dock
when I want to scan I just click on that app it always work for me.

By the way, the path of this app is: /Applications/HP LaserJet Software/Scan/HP Scan.app/

B) NETWORK CONNECTION

1. Disconnect the USB and put the Ethernet network cable and restart the printer

2. Locate the printer's web page (I gave it a static IP address in my Airport Express namely 10.0.1.10)
and open this web page in your browser just to make sure that the printer is indeed reachable
on the network.

3. Run the HP setup assistant again using the sudo command above

(c) On the first prompt of the HP setup assistant, click "network"

It detects the printer in the printer's box, continue the installation as above.

For me, it did NOT detect the printer on the network, so I entered the printer's IP address
on my network, namely 10.0.1.10 (I think you must click "create" to enter the printer's IP address).
After this I just followed the HP assistant instructions till it declared that the installation is over

Important: When asked for a printer's name, give the printer

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE:

Be sure that your phone number is not Caller ID product by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll-free number will override the Caller ID blocking feature in most areas. Other phone company number can prevent you from receiving a fax, including voice mail, call waiting, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every time** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Have a one page blank and white test fax to **1-[illegible]** (1-800-473 2949).
2. When your fax is received by the HP Test Fax Service, **we will** generate a return fax to you within this machine confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE:

The most common cause of failure is that the fax number set in the Fax receive on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax receive contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Fax and scan documents and pictures

Fax: You can send and receive faxes using your computer and an external or internal fax modem and a fax number. You can also print, e-mail, or save a copy of your faxes.

To send a fax:

1. [illegible]

   If you've used Windows Fax and Scan before, the sender and fax number you last used are selected. To use different sender information, select it.

   To start a new fax, click **New Fax**.

2. Follow the instructions in the wizard. You can add a cover page and choose when you want to send your fax.

You can also open Windows Fax and Scan by clicking the Start button, clicking All Programs, and then clicking Windows Fax and Scan. For more information, click the Help button on the toolbar.

Scan: Either use the scanner software that came with your scanner, or use Windows Fax and Scan. You can scan documents or pictures, preview how they look, and then adjust the settings for the scan. You can also save the scanned image as a file or e-mail it directly to someone else.

To scan a picture:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then make sure that your scanner is turned on.

Mixed Acid–Base Disorders

R. N. Walmsley and R. H. White

Mixed acid–base disorders, the concurrence of two or more primary acid–base disturbances in the same patient, are common in the hospital population, but are usually misdiagnosed because of lack of knowledge of the consequences of the primary disturbance. This paper describes seven examples of these disorders recently seen in the authors' hospital, and provides a logical approach to their diagnosis.

Additional Keywords: ketoacidosis, alkalosis, chronic obstructive pulmonary disease, respiratory acidosis and alkalosis, blood gases

The simple, or primary, acid–base disorders (respiratory and metabolic acidoses and alkalosis) evoke a compensatory response so that renal (slow) secondary acid–base disturbances and reversion of the blood pH towards (rarely to) normal, e.g., a normal pH-buffered solution will result in a secondary respiratory alkalosis, both of which will ordinarily be reflected in the patients' acid–base-related analytes in blood. When two primary acid–base disturbances arise simultaneously in the same patient, the complex is called a mixed acid–base disorder. If three primary disturbances occur together the patient is described as having "triple acid–base disorder."

Evaluation of Blood Gases

The Henderson–Hasselbalch equation for the bicarbonate buffer system in blood can be simplified to an uncomplicated proportional relationship.

$$pH \propto \frac{[HCO_3^-]}{P_{CO_2}}$$

The numerator ($[HCO_3^-]$) indicates the metabolic aspect of acid–base status: an increase signifies metabolic alkalinity, and a decrease denotes a metabolic acidosis, either of which can be a primary or a secondary compensatory response. The denominator (P_{CO_2}) indicates any respiratory component, i.e., an increase denotes a respiratory acidosis, etc.—again, either primary or secondary.

The simplest approach to interpretation of blood gas values is to consider the pH (acidemia or alkalemia), $[HCO_3^-]$ (metabolic acidosis or alkalosis) and the P_{CO_2} (respiratory acidosis or alkalosis) separately, then amalgamate the information to arrive at a diagnosis. For example, a patient with a low pH, acidemia, a high $[HCO_3^-]$ (metabolic alkalosis), and a high P_{CO_2} (respiratory acidosis)

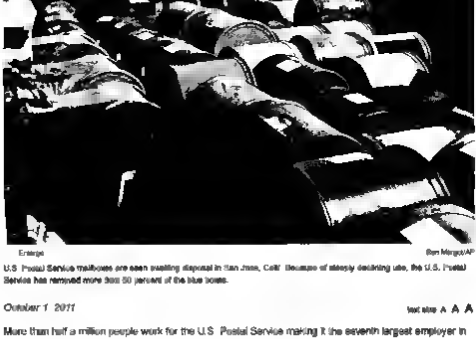
The Fight To Save The U.S. Postal Service

by NPR STAFF



Enlarge Ben Margot/AP

U.S. Postal Service mailboxes are seen awaiting disposal in San Jose, Calif. Because of steeply declining use, the U.S. Postal Service has removed more than 50 percent of the blue boxes.

October 1, 2011

Text size A A A

More than half a million people work for the U.S. Postal Service making it the seventh largest employer in the world. But like a lot of other businesses, this one is being hit hard by the tough economy and transformed by the Internet.

Just in the last four years, mail volume is down 20 percent, so the agency is struggling to reinvent itself. But change isn't easy. Postmaster General Patrick Donahoe went to Congress to ask for help. His plan, which has been endorsed by President Obama, could mean layoffs, post office closings and the end of Saturday delivery.

J. Scott Applewhite/AP

During a hearing on the troubles of the U.S. Postal Service, Sen. Joseph I. Lieberman (I-CT), left, confers with Sen. Tom Carper (D-DE), who chairs

Republican Rep. Darrell Issa of California blames the leaders of the Postal Service for its problems and wants the service to be under tighter controls. He says the agency's $15 billion in debt – its credit that — is a sign that they have "more than a small cash-flow problem."

Issa's plan would create a "control board" that could, among other things, re-negotiate union contracts. Democratic Sen. Tom Carper of Delaware, who chairs the Senate subcommittee that oversees the Postal Service, agrees that there's a problem with the Postal Service, but the solution he's proposing is very different.

"Part of what we need to do is to enable the Postal Service to take the steps that are appropriate [and] right-size their enterprise for the 21st century, much

Final Review Terms
Comparative Studies 100
Winter 2012

Here are seventeen of your final review terms. Thanks to all of your classmates who participated in the review. Needless to say, these all represent one of many different ways that a concept can be defined and there are many different examples that you can draw from. When you are studying, do use these terms as an aid. However, be sure to review your readings and notes so that you are able to formulate these concepts and give examples in your own words. Good luck!

1. Geocentric model vs. Heliocentric model:

The **geocentric theory** placed Earth at the center of the universe with all the planets orbiting around it. The **heliocentric theory** states that the Earth and planets revolve around a stationary Sun at the center of the universe.

The geocentric theory was ascribed to the Egyptian astronomer Ptolemy and supported by Aristotelian physics during the late 16th century. This theory was also supported by the Catholic Church because they believed humanity as the center of God's creation therefore at the center of all existence.

A polish astronomer named Nicolaus Copernicus proposed that the sun, not the earth, was at the center of the universe in the early 17th century. Both Johannes Kepler and Galileo Galilei supported the heliocentric theory. Johannes Kepler analyzed tables and discovered the elliptical orbit of planets and their positions. Galileo Galilei furthered the conformation of the heliocentric theory with the use of a telescope to view the heavens.

2. Absolute monarchy:

An absolute monarchy is a form of government where a monarch, like a king or queen, is the main authority in the country. The authority of the monarch is supreme and overrides all other government officials. They control every aspect of the government, including the military, policymaking, diplomacy, etc. Many governments also have things like a Parliament or a Congress along with the monarch. But, they are usually just in place to assist the monarch, or to make it seem like the government is fairer than it actually is. The 16th and 17th centuries are considered the height of the power of absolute monarchs.

Authority in absolute monarchies is obtained mainly in two ways. One is hereditary, which means that the position was inherited due to a family member being the monarch, and there having hand-picked the relative as the successor. The second way is through marriage. If someone marries the absolute monarch and the monarch dies, then the authority is passed to their husband or wife, unless it is specifically stated otherwise. Many absolute monarchs believed that they were chosen specifically by God to lead their countries, which was called the "divine right." There were many citizens who also viewed some of the monarchs as sort of Gods themselves, and actually worshipped them as if they were deities as well.

3. Characteristics of Baroque Art:

Baroque art of the 17th century is characterized by drama, intense light, rich deep color and dark shadows. Baroque artists draw the most important part of an action that has happened in time. It tended to depict the height of action and emotion rather than say the contemplation that preceded it or its after-effects. The two most important patrons of the arts during this period were the aristocracy and the Catholic church.

similarities between." But "compares to" means to observe or only some likenesses between while "compare with" means differences are being examined.

- Compared with 1996, the 2000 election was problematic.
- The finance of ads are compared this fund to another fund. ("compared with" could also be used depending on the intended meaning.")

compass points/direction —

- Capitalize **compass** directions when they refer to identifiable places but not when they are just general directions. I.e.,
  Southern/Northern/Eastern/Western/Central Europe
- **Chicago Manual of Style** (15th ed. item 8.48 and 8.50)
  8.48 Compass points and terms derived from them are lowercased if they simply tell the direction of location.
  8.50 (lowercase) southern Africa (referring to the southern part of the continent) but (cap) Southern California (considered a cultural entity as much as a geographical term)

compensation (portfolio manager and/or analyst) — When talking about any Capital Group portfolio manager and/or analyst compensation in our materials please follow these guidelines:

- For content intended for a **retail** audience, use it a following additional clause (as of June 2008): "Compensation paid to our investment professionals is heavily influenced by investment results over rolling four- and eight-year periods, to encourage a long-term investment approach."
- For content intended for a **business to business** audience: For B-to-B content, you may evaluate and decide not to be consistent with the SAI. In order to encourage a long-term focus, the rewards based on investment results are calculated by comparing pretax total investment returns to relevant benchmarks over the most recent one-, four-year and eight-year rolling averages, with the greater weight placed on the four-year and eight-year rolling averages.

composite vs. mandate — See "mandate vs. composite" entry.

comprise/compose — "Comprise" is a near synonym for "include," except that it means to include everything. It "includes" wouldn't make sense — those stocks obviously don't include the DOW — "comprises" is not correct. That's also why "is comprised of" is always incorrect, because it would be saying "is includes of." "Comprise" means to contain, to consist of something. "Compose" means to create or to make up the whole. The parts compose the whole; the whole comprises the parts. The whole is composed of the parts; the parts are comprised in the whole.

Incorrect

- The Copy Editors Forum is comprised of 27 copy editors. (It should read: The Copy Editors Forum "comprises/is composed of" 27 copy editors.)

Correct

- The MFP book comprises several sections on the American Funds.
- The MFP book is composed of several sections on the American Funds.
- The style guide comprises sections on punctuation, acronyms and house style.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1 855-330 1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

FAX TRANSMITTAL

From HP Customer

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

If you do have access to a fax machine — even a borrowed one — an easy workaround is to let it take the call, see who the fax is from, and call or fax them back to explain the problem. If you don't have a fax machine but do have Caller ID, it should be easy to identify where the fax is coming from; call or fax the sender's number and ask them to cut it out. Dialing *69 isn't likely to help; you'll probably just call the fax machine back.

Calls from fax machines usually come in pairs or threes, because after the fax machine fails, it tries again a few minutes later. Use this to your advantage: once the first call happens, forward your incoming calls to a friend's fax line (or to a free fax service like eFax.) When that second call comes, it will print out on the friend's machine.

Chicken Egg Foo Yung

6 large eggs
1 cup shredded cooked, chopped
½ cup reduced-sodium soy sauce, divided
Freshly ground black pepper to taste
2 tablespoons Asian sesame oil
1 tablespoon vegetable oil
8 oz. shiitake, white parts and 4 scallions, green tops, sliced
2 garlic cloves, peeled and minced
1 cup bean sprouts, rinsed
1½ cups shredded cooked chicken
½ cup chopped water chestnuts
2 tablespoons oyster sauce
1 tablespoon hoisin sauce
1 tablespoon rice vinegar
2 teaspoons cornstarch

Preheat oven to 425 degrees. Whisk the eggs with 2 tablespoons chicken stock, 2 tablespoons soy sauce, pepper, Set aside.

Heat the sesame oil and vegetable oil in a skillet with oven-safe handle over medium-high heat. Add the scallions and garlic, and cook for 1 minute. Add the bean sprouts, chicken and water chestnuts, and cook for 3 minutes.

Reduce the heat to medium, add the egg mixture and cook for 4 minutes, or until the bottom of cake is lightly brown. Transfer the skillet to the oven, and bake for 10 to 15 minutes, or until top is browned.

While the eggs bake, make the sauce. Combine the remaining stock, remaining soy sauce, oyster sauce, hoisin sauce, vinegar and cornstarch in a small saucepan, and whisk well. Bring to a boil over medium-high heat, stirring frequently. Reduce the heat to low, and simmer the sauce for 2 minutes, or until slightly thickened. Set aside.

Run a spatula around the sides of the skillet and under the bottom of the cake to release it. Slide the cake gently onto a serving platter and cut it into wedges. Serve immediately, passing sauce separately.

Note: The sauce can be prepared up to 2 days in advance and refrigerated, tightly covered. Reheat it over low heat. The vegetables can be cooked up to 6 hours in advance and kept at room temperature. Reheat them over medium heat before adding the eggs.

Makes 4 to 6 servings.

Variations: Add 1 tablespoon Chinese chili paste with garlic or 2 teaspoons hot & spicy dash. Substitute cooked lamb shrimp, roast pork, or cubes of firm tofu for the chicken.

IF NO: We will be sending you the form in the mail today. When you receive it, please sign it and mail it back to us, so that we can process your application for free meds. We will also include a checklist with all of the income verification documents that we need from you highlighted on it. Please send in everything that is requested from you at the same time. Your application for free meds will be rejected or denied if we do not send it in with everything that is required. If you have a pen handy, I can go over all of the documents that you need to get with you. **(IF POSSIBLE, review income documentation checklist with client)** Please get the income documentation together today, so that you can mail it back with the signed waiver form as soon as possible.

Lastly, as I stated before, there will be a minimal monthly processing fee of $20 per med per month for this service. There is also a one-time enrollment fee of $39.99. The meds are free, including shipping. However, the processing fee is $39.99. (You could also process all the paperwork for each medication by yourself, but what we have found is that most people either make mistakes, don't complete all the paperwork as it is needed, don't send in all the documents necessary, or don't send in their refill paperwork on time. This is true for the more than 44 million people that qualify for the program. This monthly fee covers the cost of us doing that for you and making sure that you qualify for your free meds each time, every time. Of course, we need your cooperation to make that happen. But if you do what we have asked of you, you will almost always be approved for your free meds.) Do you have a checking account information ready?

IF NOT: Do you have any family member, friend or relative that will pay for it using their account information on your behalf?

IF YES: Can we process your payment right away, or when should we process it? We just want to be sure that nothing bounces and costs you more money in fees, because we're in the business of saving you money. (record information accordingly)

IF PROCESSING CHECKING ACCT INFO: Complete transaction by inputting the answers to the following.

1) What is the name of your bank?

2) What is your bank's ROUTING number? Your routing number is on the bottom left hand side of your check, between the two computer symbols. (Record number and read back to customer, or read back each digit as they tell it to you and then verbally reverify the entire number)

3) What is your CHECKING ACCOUNT number? Your checking account number is the next set of numbers, which also ends with a computer symbol. (repeat account number reverification process.)

IF PROCESSING CREDIT / DEBIT CARD INFO:

1) Is there are Mastercard or Visa logo on your card?

2) What is your card number?

3) What is the expiration date?

4) What is the name EXACTLY as it appears on the card?

5) What is the 3-digit card verification number on the back of the card?

Introduction

We will be replacing the IO Data Center 4351 router The purpose of this test is to demonstrate basic connectivity and EIGRP is configured correctly

Also, during the replacement of the router the Century Link MPLS network will down The voice traffic should fall over to the ATT@T MPLS network We will remotely access each site and a make a test voice call The goal is to

Pre-Testing Data Gathering:

From existing router 10.10.110.12 HSH JO-4351-02 copy output from Show IP Route Show IP Protocols, Show IP EIGRP Topology Show IP EIGRP Interfaces Completed

Verify Power and Network Cables

Test 1 Procedures:

The test plan is to demonstrate that the basic connectivity and routing protocol are configured correctly

- Test 1 Baseline Connectivity Test
- Verify physical and IP connectivity between devices on the HSAG network.
- Collect operational baselines.
- Demonstrate IP connectivity between devices on different IP segments
- Demonstrate the EIGRP routing protocol

Assay Description and Limitations

Assay Description: [text illegible] is immunohistochemical assay for detection of HER2 protein overexpression in the above breast infiltrating carcinoma tissue specimen. Assay is performed on formalin-fixed, paraffin-embedded tissue sections using [illegible] monoclonal antibody. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Estrogen Receptor (ER): Immunohistochemical staining was performed on the above specimen using [illegible] monoclonal antibody. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Progesterone Receptor: [illegible] monoclonal antibody was used for the qualitative immunohistochemical staining of formalin-fixed, paraffin-embedded tissue sections. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

Ki-67: [illegible] was used for qualitative and/or semi-quantitative immunohistochemical staining of Ki-67 antigen expression in formalin-fixed, paraffin-embedded tissue by automated immunostainer. Staining using the manufacturer's instructions.

p53: [illegible] monoclonal antibody was used for the qualitative and/or semi-quantitative immunohistochemical staining of human p53 protein in formalin-fixed, paraffin-embedded tissue sections. Results are interpreted according to manufacturer's instructions. Limitations: Incorrect fixation of tissue specimen may result in false-negative or false-positive results. Only [illegible] should be used for diagnosis of breast cancer patients. Assay validated on [illegible] tissue specimens. Clinical utility of positive and negative results has been established for breast cancer patients in trials [illegible] and [illegible]. Refer to package insert for instructions, warnings, precautions, and limitations.

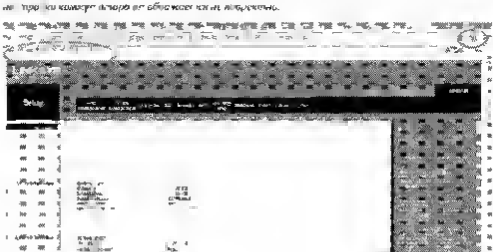
Для первоначальной настройки коммутатора SWR224G4 необходимо:

Подключить к порту коммутатора G4

На компьютере с которого осуществляется настройка необходимо назначить IP адрес из сети 192.168.123.0/24 (например 192.168.123.100).

Запустить браузер. Коммутатор поддерживает браузер IE версии 8+, мышь и K. Для обхода этой проблемы необходимо установить дополнительный плагин «IE-TAB» для браузера Google Chrome

При попытках входа на страницу коммутатора без предустановленного плагина, отличного от продукции коммутатор выдаст ошибку как на скриншоте.



(например, http://192.168.123.254) — TAB. Для входа для этого необходимо нажать на него.

В браузере вводим адрес коммутатора (http://192.168.123.254)

Factoring

Joe Tex Inc WILL pay factoring companies. However any and every invoice and/or remittance copy MUST be clearly marked to whom and what address to make checks payable.

Joe Tex Inc will NOT make a double payment.

Carriers are fully responsible for payment made to them. Payments that need to be forwarded to a factoring company are solely the trucking company's responsibility. However, if invoice/remittance is clearly marked, payment will be sent to the party indicated.

No statements sent from factoring companies stating that payments are to be sent to factoring companies will be signed. If invoices with or without remittance copies are sent that are not clearly marked to whom the payee should be, Joe Tex Inc does not guarantee that they will be sent to the factoring company.

Joe Tex Inc will not be held responsible for any payment that is mailed to the wrong address. It is YOUR responsibility to notify us of your receivables procedure.

Thank you for your cooperation

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, and 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). Exempt recipients, see *Exempt Payee and Payee Exemptions* on page 2.

Signature requirements. Complete the certification as indicated in 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account[1]
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor[2]
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee[1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner[1]
5. Sole proprietorship or single-owner LLC	The owner[3]
For this type of account:	**Give name and EIN of:**
6. Sole proprietorship or single-owner LLC	The owner[3]
7. A valid trust, estate, or pension trust	Legal entity[4]
8. Corporate or LLC electing corporate status on Form 8832	The corporation
9. Association, club, religious, charitable, educational or other tax-exempt organization	The organization
10. Partnership or multi-member LLC	The partnership
11. A broker or registered nominee	The broker or nominee
12. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity

List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

[2] Circle the minor's name and furnish the minor's SSN.

[3] You must show your individual name and you may also enter your business or DBA name on the second name line. You may use either your SSN or EIN (if you have one). If you are a sole proprietor, IRS encourages you to use your SSN.

[4] List first and circle the name of the legal trust, estate, or pension trust. Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title. Also see *Special rules regarding withholding on page 1*

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons who must file information returns with the IRS to report interest, dividends, and certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; cancellation of debt; or contributions you made to an IRA, or Archer MSA or HSA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation, and to cities, states, the District of Columbia, and U.S. possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 28% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply

SUPERIOR SPRAY. SERIOUS RESULTS.

OPTIMIZE
PERFORMANCE

Let us assist with nozzle selection, determination of injector placement in the vessel and spray effectors to ensure optimal performance based on your exact operating conditions.

VALIDATE
DESIGN

Prior to fabrication, we can use Computational Fluid Dynamics (CFD) to validate nozzle spray performance. We can also use failure analysis modeling to verify the injector design will withstand process conditions such as chemical corrosion, heat transfer, vortex shedding and more.

BUILD
TO ORDER

Whether you need to dual gas atomize solids or overhead lance or inject chemicals or torch to ensure a gas stream, we can meet your needs. Injector types include hydraulic gas atomizing and steam versions equipped with a wide range of nozzles.

Testing Your HP Fax Machine with the HP Fax Test Service

Support details

Introduction

This document will guide you in testing your HP Fax solution, using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable** blocking link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Blocking "ID" before dialing the toll free number will prevent the Caller ID blocking feature on most other phone company services can conflict with the fax machine, including voice mail, call blocking, or call privacy services.

NOTE: Whenever troubleshooting a fax issue it is good practice to set the Automatic Fax Speed option to Slow (9600) before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available on selected phone- or different products, consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to 1-888-fax4hpsc (1-888-473-2476).
2. Within your fax is received by the HP Fax Test Service, we will generate a return fax to your fax. The number confirming that was initiated, your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Ensure that your product fax cord with the product for proper setup and

Please read this document. Failure to submit all completed documents as described below will delay the renewal of your license.

Subject: Implementation of C.R.S., 24-76.5-101, et. seq., "Restrictions on Public Benefits" (HB 1023)

To Whom It May Concern:

You will find an affidavit included with your renewal registration/application. All licenses, certifications, and registrations issued to individual owners or sole proprietors by the Colorado Department of Public Health and Environment must be accompanied by verification of citizenship. This requirement does not apply to you if you are not an individual owner or sole proprietor. Verification includes completion of the enclosed affidavit and providing a **notarized copy of an approved identification.** Approved identification includes:

- A valid Colorado driver's license or a Colorado identification card,
- A United States military card or a military dependent's identification card,
- A United States Coast Guard Merchant Mariner card,
- A Native American Tribal Document,

You may access a notary in your area by conducting a search through directory assistance for "public notaries."

C.R.S., 24-76.5-101 "Restrictions on Public Benefits" became effective August 1, 2006, and requires "each agency or political subdivision of the state" to verify the lawful presence in the United States of every applicant for public benefits. The law requires the verification of citizenship in order for persons eighteen years of age or older to receive certain benefits or obtain a license or certification from the department. If the recipient of the benefit is under eighteen years of age, the law does not apply.

If you need assistance in complying with this law or if there is additional information you feel we need to be aware of, please do not hesitate to contact me at 303-692-3645.

Sincerely,

Division of Environmental Health & Sustainability

MFD ECOPW Test List

Here is a quick list of the steps to test the ECOPW on the MFD:

1) Power on the Exponent MFD and wait for the Login screen to appear. Enter the login credentials and then navigate to the Test Page.
2) Press the ECOPW button on the MFD touchscreen. Enter the ECOPW Power NT Server Login ID and password.
3) Run a Scan Test. Enter a name for the Test Page and then save the test page.
4) Run a scan test and verify that the Test Page was saved to the Exponent Server.
5) Use the Exponent Web Portal to transfer the Test Page from the Exponent Server to the MFD.
6) Select the test from the list. Enter the fax number 1-855-555-1212 and then view the Fax Transmission test setting. Wait to confirm that the test fax was successfully sent. The MFD will display a success message at the bottom of the screen. Confirm that the correct fax number was dialed, then send the test fax to a fax machine operated by a human.
7) Dial the fax number from a touch-tone phone. When the fax signal starts to sound, if they can hear it, proceed to step 8. Otherwise, if you do not hear the signal, then the test fax was not received correctly. Review the test log and troubleshoot the test failure.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Prayer to St Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us Amen

Say for nine consecutive mornings for anything you may desire It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle

Make this prayer known everywhere.

Imprimatur

The charism of Administration

empowers a Christian to be an effective channel of God's wisdom by providing the planning and coordination needed to accomplish good things

"I think of myself as the Swiss army knife in God's pocket. You can almost always get the job done if you have one around."
Sherry Carp, administrator

Sometimes Christians think of administration as dry and boring and of administrators as impersonal bureaucrats more interested in shuffling papers than in ministering to people. The truth is that some of the most effective people-helpers in history were administrators. Although both St. Vincent de Paul and Florence Nightingale are famous for their works of mercy, neither of them spent the majority of their time personally ministering to others. What made them so effective? They both had phenomenal charisms of administration. They were organizational geniuses who cut through the chaos, lethargy and indifference around them like a hot knife through butter—they designed and carried out efficient programs which enabled the needs of large numbers of the poor and sick to be met.

The charism of administration is sometimes confused with either the charism of leadership or the charism of service. Leaders come up with and share the vision of what *could be* in a way that makes others want to be a part of it. Administrators make and execute the logistical plans that will make the vision *happen*. Leaders are usually *problem-discoverers*—they tend to look on the world about them with new eyes that see the unrecognized needs and then visualize new ways to meet those needs. Administrators specialize in *problem-solving*: in efficiently meeting the needs that are already recognized. Leaders call us to God's purposes and set our direction; administrators get us there.

"If your gift is administration, then use it for administration."
St. Paul, in his *Epistle to the Romans* 12:7

Christians with the charism of service are very sensitive to unmet needs or organizational gaps, but they are strongly motivated to meet the need *themselves*. In contrast, someone with the charism of administration finds it easy to delegate portions of the overall task to others and to coordinate the work of a number of people toward a single goal.

A friend of mine with a strong charism of administration describes herself this way: "I think of myself as the Swiss army knife in God's pocket. You can almost always get the job done if you have one around." (She, however, owes a debt of thanks to those among us who

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

7 View State Versus Session State

Session/State should be avoided as much as possible. We have made a class called SessionAccess that contains all the information we need for a session. We store small things in there. We do not want to store a big object since this will be duplicated in memory for each session (unless we store the session some other place). If you need to store some new data, use SessionAccess if possible. Please discuss first to make sure this is the right decision.

Ficus Whitefly
A New Pest in South Florida

Introduction: There is a new pest attacking ficus trees and hedges in Miami-Dade, Broward and Palm Beach Counties, Florida. This pest was identified as the fig (ficus) whitefly, *Singhiella simplex*, and is a new US continental record. Whiteflies are small, winged insects that belong in the Order Hemiptera which also includes aphids, scales, mealybugs and bugs. These insects typically feed on the underside of leaves with their "needle-like" mouthparts. Whiteflies can seriously injure host plants by sucking juices from them causing wilting, yellowing, stunting, leaf drop, or even death.

Description and Damage: The leaves of ficus trees infested with whiteflies begin to turn yellow before the leaves are dropped from the plant. Ficus trees without their leaves are one of the most obvious symptoms of a whitefly infestation. This whitefly has been most commonly found infesting weeping fig (*Ficus benjamina*) but has also been reported on *F. altissima* (lofty fig, false banyan tree) *F. bengalensis* (also called "banyan tree"), *F. microcarpa* (Cuban laurel), *F. aurea* (strangler fig) *F. lyrata* (fiddle-leaf fig), and *F. maclellandi* (= *F. binnendijkii*) (banana-leaf fig). This whitefly may eventually be found on other species of ficus.

If the foliage is disturbed the small, white gnat-like adult whiteflies can be seen flying from the foliage. The adult whitefly resembles a very small moth with a yellow body and white wings with a faint gray band in the middle of the wings. Immature stages (eggs and nymphs) can be found primarily on the underside of the leaves. Prior to adult emergence, the nymphs are tan to light green discs with red eyes. The underside of infested leaves look like they are dotted with small, silver or white spots which are actually the empty "skin" of the pupae after the adult emerges.

Biology: The life cycle of the ficus whitefly is approximately one month. Eggs which are usually laid on the underside of leaves hatch into a crawler stage. The crawler wanders around the leaf until they begin to feed. From this point until they emerge as adults they are

Penny from Heaven
NEWBERY HONOR BOOK
JENNIFER L. HOLM
THREE-TIME NEWBERY HONOR-WINNING AUTHOR

I'm the brother of Diane, who is the owner of Bear. After talking to Diane this morning, I thought I'd give you an update about Bear and how he is doing. What was really worrying besides Bear being lost is that he had a major medical problem where he couldn't hold his food down because of an esophagus ailment. Bear had to sit up like we do in a special chair to even have the chance of holding his food down. After Henry's car accident, they knew that it was particularly dire when Bear ran away from the ambulance because of this ailment. The thought that Bear could survive these nine weeks we all considered a minor miracle under the circumstances. With a quick wind forward. Bear had showed up the last few nights at this 4-foot gated home in Salem, NH. Diane and the Granite rescue volunteers were preparing for an all nighter – with traps laid in and out of the fenced area. Diane had just arrived and were strategizing about whether to close the gate that Bear could leap over or let Bear get caught in the traps that he'd already alluded several times. As they were talking in walked Bear through the gate! Diane went through the gate that the rescuers secured and Bear as expected was wildly looking for a way out. At this moment Diane's better instincts took over and she commanded "sit" and Bear obediently sat long enough so Diane could secure a collared leash. And as seen in the photo about four or five other leashes followed suit from the rescuers just to make sure! Diane as instructed took Bear to the Dog Emergency Hospital. Not only was he in good shape despite losing 15 pounds, he was able to eat all the meatballs and other rescue food w o throwing it up, which at this point can not be explained even by the attending vet. Henry on the other hand almost got a ticket because of his rush to the Vet hospital but the PO gave him a major break. On Henry's arrival Bear gave his first welcome wag of his tail since his capture. All made it home safely and all is well.

General Instructions

Purpose of Form

Form 8655 is used to authorize a reporting agent to:

- Sign and file returns,
- Make payments and payments for extra returns,
- Receive copies of notices and transcripts related to returns filed by the reporting agent, and
- Discuss tax return information with, and give oral or written information to, the third-party designee specified on Form 8655.

Authority Granted

Once Form 8655 is signed, you generally grant an effective beginning with the period indicated. However, Sec. 3504 and certain installment agreements require a power of attorney. Any power of attorney or authorization is limited to periods prior to the year(s) addressed on Form 8655.

When an authority is granted for a tax return, the authority for reporting agents also includes all tax returns in the same series that are filed on a different form (for example, Form 941-X, 941-X (PR), 944-X, 944-X (SP), or CT-2-X) and amended tax or payment vouchers. It applies to any returns or documents in the 1040 and 1120 series. It is limited to periods prior to the year(s) addressed on Form 8655. It does not authorize the reporting agent to make decisions about estimated tax payments or to make payments and accompanying bill or returns in the name of the taxpayer on Form 1040-ES, 1040-ES (NR), or 1040-ES (PR). It does not authorize the reporting agent to endorse or cash any authorized refund check.

The taxpayer authority granted with this Form 8655 is effective on the date Form 8655 is received by the taxpayer. Any authority granted on Form 8655 does not revoke a prior tax authority unless any authority granted on Form 8655 is specifically stated. Third-party designee's address authority.

Where To File

Mail Form 8655 to:

Internal Revenue Service
Accounts Management Practice Center
MS # 6-H-100 Stop
1973 North Rulon White Blvd.
Ogden, UT 84404

You may fax Form 8655 to (844) 545-4175. The number is 801-620-4102.

Additional Information

Additional information about powers of attorney, appointees, and other matters can be found in:

- Pub. 947, Practice before the IRS and Power of Attorney,
- Circular 230, Regulations Governing Practice before the Internal Revenue Service, and
- Rev. Proc. 2012-8, 2012-1 I.R.B. 239, available at www.irs.gov.

Publication 947 and Circular 230 are available at your local IRS office.

Substitute Form 8655

You may be required to file a substitute form for a Form 8655, see Pub. 1167, General Rules and Specifications for Substitute Forms and Schedules. If you are to file a Form 8655, a substitute Form 8655 that is approved by the IRS may be used. However, the format of the substitute Form 8655 must conform to the Form 8655 and be approved by the IRS prior to use. Do not change the wording of the Form 8655 unless specifically directed.

Revoking an Authorization

To revoke a tax or Form 8655 or file with the IRS, the filer of a power of attorney must send a statement to the IRS that includes the taxpayer's name, address, and identifying number (social security number for individuals, employer identification number for businesses, or individual taxpayer identification number for those who have applied for one) and the following statement: "The power of attorney granted to [name of representative] on [date of power of attorney] is revoked."

The taxpayer must personally sign the revocation. If more than one taxpayer executed the power of attorney, all must sign the revocation. The taxpayer must send a copy of the revocation to each representative who is to be notified of the revocation. The taxpayer may use Form 8655 to revoke a power of attorney. However, Form 8655 will not revoke a prior power of attorney unless specifically stated.

Withdrawal. A representative may withdraw from representing a taxpayer by sending a written notice to the IRS office where the power of attorney was sent. The representative must provide the taxpayer's name, address, and identifying number as well as the tax form, year or period, and IRS office where the power of attorney was sent. For more information, see Pub. 947.

Specific Instructions

Line 1a

Use the "Form" format if you are filing one Form 8655 for multiple tax periods. Use the "Tax Year" format if you are filing one Form 8655 for multiple tax periods for the same tax year. For example, write "1040" on the form for 2017 to authorize you to represent the taxpayer's tax return for the year of the Form 8655 for the 2016, 2017, and 2018 tax years.

Line 4b

Use the "Name" format if you are filing one Form 8655 for multiple tax periods. Use the "Tax Year" format if you are filing one Form 8655 for multiple tax periods for the same tax year. For example, write "1040" on the form for 2017 to authorize you to represent the taxpayer's tax return for the year of the Form 8655 for the 2016, 2017, and 2018 tax years.

Who Must Sign

Sole proprietorship. The individual owning the business.

Partnership including not a limited liability company (LLC) member or manager/member. Generally, Form 8655 can be signed by any person who has the authority to bind the partnership. Limited liability partnership authority is not sufficient. A power of attorney document by the board of directors or other governing body. Every officer or employee who can be designated by any partnership, corporation, and any other person authorized to execute a power of attorney must execute Form 2848.

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Section 6109 requires you to provide your identifying number. Section 6103 allows the IRS to disclose or give the information on this form to others as described in the Code. For example, we may disclose your tax information to the Department of Justice, to enforce tax laws, both civil and criminal, and to cities, states, and the District of Columbia to carry out their tax laws. We may disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated burden for individual taxpayers filing this form is approved under OMB control number 1545-0150 and is included in the estimates shown in the instructions for their individual income tax return. The estimated burden for all other taxpayers who file this form is shown below.

Recordkeeping	Learning about the law or the form	Preparing and sending the form to the IRS
46 min.	10 min.	20 min.

If you have comments concerning the accuracy of these time estimates or suggestions for making this form simpler, we would be happy to hear from you. You can write to the Internal Revenue Service, Tax Forms and Publications, 1111 Constitution Ave. NW, IR-6526, Washington, DC 20224. Do not send this form to this address. Instead, see Where To File above.

The unanimous Declaration of the thirteen united States of America

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature & of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

THE PEOPLE SPEAK

President

Usually politicians say "Thanks for giving me the chance to do this for all of us." I think I should say "Maybe I shouldn't have volunteered to do all of that stuff—you went and made me president!"

All jokingly aside, I want to say that I look forward to the upcoming year with all of you. We have one of the best brew clubs around with a large, active base, a number of committed individuals (with those who should be committed), and a lot of fun activities

Turnthrough takes some work. We do a lot in a year and I'm already hearing about some of the events that people are getting excited about such as

Parties

- Lounge Lizard Slather
- Anniversary Party
- Mayfest
- Club Picnic
- Pub Crawl
- Cider Picnic

Competitions

- NHC '97
- AHA Club-only

PAQUETE DE REGISTRO DE NACIMIENTO

POR FAVOR COMPLETE LO MÁS POSIBLE

A todas las parejas que no estén casadas y deseen que la información y nombre del padre sean incluidos en el registro de nacimiento del recién nacido, favor de asegurarse que el padre esté en el hospital para firmar un formulario de Declaración de Paternidad durante su estancia en el hospital. Ningun tipo de arreglo se puede hacer con cualquier otro miembro del personal

Si el padre no está disponible durante el tiempo de hospitalización, la pareja no casada tendrá que ir a una agencia externa en busca de asistencia. Para más información, por favor llame al Estado de California al 1(866) 249-0774

Muchas gracias

Business Casual Dress Code

JC Restoration Inc 's objective in establishing a business casual dress code is to allow our employees to work comfortably in the workplace. Yet, we still need our employees to project a professional image for our customers, potential employees and community visitors. Business casual dress is the standard for the dress code. Because of casual clothing is not suitable for the office, these guidelines will help you determine what is appropriate to wear to work. Clothing that works well for the beach, yard work, dance clubs, exercise sessions, and sports contests may not be appropriate for a professional appearance at work.

Clothing that reveals too much cleavage, your back, your chest, your feet, your stomach or your underwear is not appropriate for a place of business, even in a business casual setting.

Even in a business casual work environment, clothing should be pressed and never wrinkled. Torn, dirty, or frayed clothing is unacceptable. All seams must be finished. Any clothing that has words, terms, or pictures that may be offensive to other employees is unacceptable. Clothing that has the company logo is encouraged. Clothing with fashion brand names such as Polo, Lacoste, Ralph Lauren, etc. is acceptable. Sports teams, university wording such as "Porsche" named "events" such as golf and charity outings, etc. is not acceptable.

Fridays will be declared dress down days. On these days jeans and other more casual clothing although never clothing potentially offensive to others, are allowed. Conservative athletic shoes are allowed on Fridays.

Guide to Business Casual Dressing for Work

No dress code can cover all contingencies so employees must exert a certain amount of judgment in their choice of clothing to wear to work. If you experience uncertainty about acceptable, professional business casual attire for work, please ask your supervisor.

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Love

To Whom It May Concern

Re: Ultrasound Technician Position

Greetings! My name is Shervin Basiri and I am writing to express my interest in applying for the Ultrasound Technician position at your facility. As a highlight of my work experience, I have extensive knowledge and expertise providing diagnostic services to both inpatient and outpatients under the direction of a Radiologist and departmental protocols in hospital and clinical settings. I would appreciate the opportunity to meet with you to discuss the possibility of joining your group. Please see attached my resume for your review. I look forward to hearing from you soon.

Sincerely

Shervin Basiri, RDMS

Welcome to

Windows® Fax and Scan

One place to send and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes

To get started

1 Connect a phone line to your computer

If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer

2 On the toolbar, click **New Fax**

3 Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else

To get started

1 Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner

2 In Windows Fax and Scan, at the bottom of the left pane, click **Scan**

3 On the toolbar, click **New Scan**.

4 Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar

Hi Ladies:

The lab received a blank requisition. Could you please fill out the information on the additional test auth form and fax back asap to the number listed on the form so they can begin the testing process and get your report back to you quickly. Thank you so much.

Also: We should have the final 2 days set in stone now on Monday and Wednesday. I heard back from client services today and they said it was all done. I will follow up and check in next week to see if in fact it did happen. Thank you so much. Have a great weekend

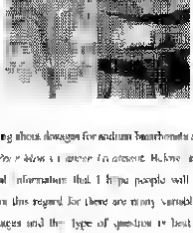
Oral Dosages of Bicarbonate



Many people write to me asking about dosages for sodium bicarbonate and I tell them to read Sodium Bicarbonate – Medicine's Best Kept Secret for cancer treatment. Below is some information from that chapter with some additional information that I hope people will find useful. I have received responses to many people in this regard for there are many variables one has to consider when administering the route of dosages and the type of question is best answered by ones personal health care provider.

The best guidance for dosages for sodium bicarbonate is provided by—me's own urinary and salivary pH, which one takes in the morning or several times during the day when doing a heavy course of dosages for cancer or other serious diseases. One needs to buy inexpensive pH paper strips for this. Because Natural Alkalizing Medicine is devised for self administration I include as much information in my books as possible so people can find their way without having to depend on physicians but again it is always helpful to have good support when treating serious conditions.

There is no question that plasma bicarbonate concentrations are shown to increase after oral ingestion. The most important effect of bicarbonate ingestion is the change in acid–base balance as well as blood pH and bicarbonate concentration in biological fluids. In Europe, spa goers drink bicarbonate-rich water to heal ulcers, colitis and other gastric disorders. Ingesting bicarbonate by way of bathing stimulates circulation, possibly benefiting those with high blood pressure and moderate atherosclerosis.

Deer Hunting

Four guys have been going to the same deer camp for many years. Two days before the group is to leave, Frank's wife puts her foot down and tells him he isn't going. Frank's friends are very upset that he can't go, but what can they do.

Two days later the three get to the camping site only to find Frank sitting there with a tent set up, firewood gathered, and dinner cooking on the fire.

"Damn man, how long you been here, and how did you talk your wife into letting you go?"

"Well, I've been here since yesterday. Yesterday evening, I was sitting in my chair and my wife came up behind me and put her hands over my eyes and said, 'Guess who?'" I pulled her hands off, and she was wearing a brand new see through nightie. She took my hand and pulled me to our bedroom. The room had candles and rose pedals all over. On the bed she had handcuffs, and ropes! She told me to tie and cuff her to the bed, and I did.

And then she said, "Do what ever you want."

So, here I am.

GHN WILL MONITOR A PERSONAL EMERGENCY RESPONSE SYSTEM: A GPS MOBILE SYSTEM (SYSTEM"), SUPPLIED TO CLIENT ("YOU") BY GHN AND TO BE USED BY USER IN ACCORDANCE WITH THIS AGREEMENT AT A MONITORING FACILITY SELECTED BY GHN ("CENTER"). THE SYSTEM WILL REMAIN AT ALL TIMES THE SOLE AND EXCLUSIVE PROPERTY OF GHN AND IS NOT SOLD HEREBY. YOU ARE RESPONSIBLE FOR CONNECTING, ACTIVATING AND (IN THE CASE OF A GPS MOBILE SYSTEM) CHARGING THE SYSTEM IN ACCORDANCE WITH THE INSTRUCTIONS THAT ARE INCLUDED WITH THE SYSTEM. YOU ARE ALSO RESPONSIBLE FOR RETURNING THE SYSTEM TO GHN AT THE END OF THE TERM AS SET FORTH IN THIS AGREEMENT.

E THE USER IS OTHER THAN THE CLIENT, CLIENT ACKNOWLEDGES AGREES AND REPRESENTS THAT (I) USER OR USER'S LEGAL REPRESENTATIVE HAS HAD AN OPPORTUNITY TO REVIEW AND DID REVIEW AND AGREED TO ALL TERMS OF THIS AGREEMENT, INCLUDING SECTIONS 10 AND 11 THAT LIMIT OUR LIABILITY, AND IS BOUND HEREBY; (II) CLIENT IS SOLELY RESPONSIBLE FOR TIMELY PAYMENTS OF ALL FEES UNDER THIS AGREEMENT AND FOR THE PERFORMANCE OF ALL OTHER OBLIGATIONS BY USER AND CLIENT UNDER THIS AGREEMENT.

Payment Terms: For monitoring and repair of the System GHN will pay us the sum of $37 per month, payable $37.00 monthly in advance. While $37.00 per month is the "Standard Monthly Rate" for our GPS Mobile System, your actual monthly rate may be lower if you prepay on quarterly or annual plan and paid for the full quarter or year in advance. If your service is terminated by us or by the end user of the pre-paid quarter or year as the case may be, we will refund to you the difference between the quarterly or annual fee you paid and the applicable Standard Monthly Rate for any months the System was in use we will not pro-rate monthly fees and we will not refund any portion of one-time activation charges. The first payment is due upon ordering the System and will include (i) monitoring fees for the initial period under your selected plan (that is, monthly, quarterly or annual). Your monitoring fee will not be increased by GHN except as set forth in Section 2

Term and Termination: The initial term of the Agreement will commence on the earliest of the date of the Agreement or activation of the System and will continue for the period of your selected plan (that is, a year, a quarter or a month). Thereafter the Agreement will be renewed for subsequent terms equal to the initial term until either party to any time notifies the other in writing to terminate the Agreement upon a 30-day written notice (unless prohibited by applicable law in which case this Agreement is automatically renewable month-to-month). Additional termination events are set forth in Section 8 details

SQL Server Setup

Creating a merged (slipstreamed) drop containing SQL Server 2008 RTM + Service Pack 1

[UpDated on April 7th, along with the availability of SQL Server 2008 SP1]

Today I am going to show you how to create new source media that will slipstream the original source media and SQL Server 2008 Service Pack 1. Once you have created this drop you can install SQL Server 2008 SP1 in a single step! These instructions are adapted with the Service Pack 1 release but there are some issues with the documentation that will be addressed in the next revision of the an Live Documentation. There is not much of user interface that indicates you are slipstreaming but there are a few clues - see at the bottom for screen shots.

These steps will take a little longer to perform than the steps for the basic slipstream described here, but once completed you will be able to run a slipstream installation from the same level on. It is recommended you verify you can complete a slipstream installation from the new drop on a test machine before deploying into production.

These instructions are for English SQL Server but will work with any language of SQL Server if you obtain the correct service package language

1. Copy your original SQL Server 2008 source media to c:\SQLServer2008_FullSP1

2. Download Service Pack 1 from http://www.microsoft.com/Downloads/details.aspx?FamilyID=66ef363d-be2e-4f45-9552-cc6a4f8dc119. The three architectures of Service Pack 1 should be included the package names are as follows

   - SQLServer2008SP1-KB968369-IA64-ENU.exe
   - SQLServer2008SP1-KB968369-x64-ENU.exe
   - SQLServer2008SP1-KB968369-x86-ENU.exe

3. Extract the packages as follows

   - SQLServer2008SP1-KB968369-IA64-ENU.exe /x:c:\SQLServer2008_FullSP1\PCU
   - SQLServer2008SP1-KB968369-x64-ENU.exe /x:c:\SQLServer2008_FullSP1\PCU
   - SQLServer2008SP1-KB968369-x86-ENU.exe /x:c:\SQLServer2008_FullSP1\PCU

Ensure you complete this step for all architectures to ensure the original media is updated correctly

4. Copy Setup.exe and Setup.rll from the PCU extracted location to original source media location

   - robocopy C:\SQLServer2008_FullSP1\PCU c:\SQLServer2008_FullSP1 Setup.exe
   - robocopy C:\SQLServer2008_FullSP1\PCU c:\SQLServer2008_FullSP1 Setup.rll

5. Copy all files not the folders **except the Microsoft.SqlChainerPackageData.dll** in c:\SQLServer2008_FullSP1\PCU\<architecture> to C:\SQLServer2008_FullSP1\<architecture> to update the original files

   - robocopy C:\SQLServer2008_FullSP1\pcu\x86 C:\SQLServer2008_FullSP1\x86 /XF Microsoft.SqlChainerPackageData.dll
   - robocopy C:\SQLServer2008_FullSP1\pcu\x64 C:\SQLServer2008_FullSP1\x64 /XF Microsoft.SqlChainerPackageData.dll
   - robocopy C:\SQLServer2008_FullSP1\pcu\ia64 C:\SQLServer2008_FullSP1\ia64 /XF Microsoft.SqlChainerPackageData.dll

NOTE: If you accidentally copy the Microsoft.SqlChainerPackageData.dll file, you may see this error when you launch Setup.exe. If this happens, restore Microsoft.SqlChainerPackageData.dll back to the original version

SAT

Use this form only if you wish to cancel scores for the SAT or SAT Subject Tests™. Complete this form and give it to the room supervisor before you leave the testing room. You may cancel scores after you leave, but your request must be received no later than the Wednesday following your test day. If you are testing on a day other than the published administration date, check with the room supervisor for the deadline that applies to you.

Completing and submitting this form will cancel ALL scores for ALL tests taken on the day in question, except in the event that your calculator or CD player malfunctions while you are taking an SAT Subject Test, a Mathematics or a Language with Listening Test. Only in the case of equipment failure will you be allowed to cancel scores for a single SAT Subject Test. You must have communicated the equipment malfunction to the room supervisor during the Mathematics Test or the Language with Listening Test.

Once we receive your cancellation request, we cannot reinstate your scores, and they will not be reported to you or to your designated institutions.

American of Martinsville finishing area hit by fire

Wednesday March 10 2010
By DEBBIE HALL Bulletin Staff Writer

A fire Tuesday at American of Martinsville was an accident, according to Henry County s public safety director

Dale Wagoner said his office along with the Ridgeway Volunteer Fire Department Martinsville Fire Department and Stone Ambulance responded to the 11 34 a.m call at the Redd Level plant off Rives Road

The blaze started in the finishing department and was contained there Wagoner sa d

Sprinklers were activated and the company s fire brigade also worked to extinguish the blaze Wagoner said

"They did a good job with that," he said, adding that the quick effort "prevented any additional damage to the facility"

Loan-to-value (LTV) - which is the amount of the loan compared to the value of the house, based on the appraisal

Example, your house is worth $185,000, and the bank will loan up to 95% LTV, meaning they'll loan you up to $175,750.

Don't confuse the 'price' the house with the 'value' of the house. The bank gets the value of the house -- what they think the house is worth -- from the appraisal

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Pan Roasted Chanterelle-Gorgonzola Stuffed Chicken Breast

Recipe Courtesy of Kent & Kevin Rathbun

2 ounces bacon fat
1 tablespoons garlic minced
1 tablespoons shallot, minced
2 ounces yellow onion, minced
4 ounces chanterelle mushrooms
1/2 cup white wine
4 ounces gorgonzola bleu cheese
1 tablespoon basil, chopped
1/2 tablespoon oregano chopped
Kosher salt to taste
Cracked black pepper to taste

For the pan roasted chicken breast
2 (12-ounce) Airline chicken breast, split into 4 skin on
1 teaspoon kosher salt
1 teaspoon cracked black pepper
8 ounces chanterelle mushroom-gorgonzola mix
2 ounces canola oil

For the chanterelle mushroom-gorgonzola stuffing

In a medium hot sautepan add the bacon fat and saute garlic, shallot and onions until translucent.

Add chanterelle mushrooms and continue sauteing until tender. Deglaze with white wine

Chill and set aside

In a medium mixing bowl and cool chanterelle mushroom mix, gorgonzola, basil, oregano, salt and black pepper. Fold together until incorporated. Chill and set aside for later use.

For the pan roasted chicken breast:

Preheat the oven to 350 degrees.

With a boning knife, butterfly 4 chicken breasts. Stuff each breast with 2 ounces of chanterelle mushroom-gorgonzola mix then tie with butchers twine to ensure that it stays together

Season each chicken breast with salt and cracked black pepper

In a large hot saute pan and canola oil then lay the chicken in the pan skin side down. Sear for about one minute then turn over and continue cooking for 30 more seconds.

Place the entire pan in a 350 degree oven and roast until done. Serve with onion jus immediately

Prep Time: 20 minutes

Re: Letter from Dr. Santos on behalf of the Estate of Jan Hochstim

The letter by Dr. Santos should parallel the letter which I sent previously from Richard Snowdy. It should describe Dr. Santos' relationship to my father, the nature and duration of my father's illness as well as the treatments (in general) he received, stating that as a result of these factors he was unable to gather and prepare the necessary information to file taxes for 2009 and 2010.

Please fax Dr. Santos' letter to: (305) 865-4188

4 Project Approach

4.1 Project Lifecycle Processes

This is where the overall approach to the project is described, explaining how the work gets done. What is the overall approach to undertaking the project work? Is the project split into major phases? How are requirements being captured? Is there a prototyping activity before solidifying the requirements? What sorts of integrated and testing activities are there? For a management consultancy project what kinds of reviews will there be, and how will input be accepted?

4.2 Project Management Processes

This is a description of those processes used to manage and control the project. It is critical that this section at a minimum describes the formal process to control project changes. It could also include such things as the risk management process, and how performance information is captured and reported (which may be expanded on in the Communications Plan section later in this document).

4.3 Project Support Processes

This is a description of those processes that typically happen throughout the project lifecycle and support the various other activities. Often includes such processes as configuration management, release control, how the support infrastructure will be used, etc.

4.4 Organization

This section will benefit from the use of diagrams to explain the organizations and mapping.

4.4.1 Project Team

How is the project organized to accomplish work? Is there a formal project organization structure? If so, explain it.

4.4.2 Mapping Between <Organization> and Client

Show how your organization maps onto the client, and what occurs at each level of the mapping. For instance, in addition to a mapping between your project manager and the client's, there may be an executive mapping between the organizations, perhaps a project steering group with joint

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Imprimatur
Most Rev. George. W. Ahr
Bishop of Trenton

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877 1455 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.Tor — if a fax web site that displays whatever is faxed to that number. Within a minute, your fax should appear on that site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero, the site lets you send faxes for free to anywhere in the United and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

What Are the Advantages of Attending A Career College?

The Advantages of Attending a Career College

There are many educational choices for this year's crop of graduating seniors. Traditional colleges, both four-year colleges and community colleges, are welcoming lists and lists of applicants for students. Long times to graduate, waiting lists for popular programs, or outdated curriculum for modern careers are all compelling reasons to seek other courses of education.

Indeed...only 30% of students who enter a four year college actually graduate. Of those who do graduate... large portions don't even find work in their chosen field. On the other hand, career colleges offer specific training for some of the "hottest" jobs available like nursing, dental hygiene and a wide range of technical and computer jobs. Let's look at three perceived disadvantages a career college has over traditional schools.

Prestige

With such a current emphasis on college attendance and the competitive lengths some high school students are willing to take to get into top schools, some recent graduates may consider choosing to attend a career college as settling. This is not necessarily the case. Why are you going to college? Ideally the answer is to get an education, learn a profession and be able to provide for your future.

A career college does all these things, in less time than traditional schools. Most career college graduates usually make a higher starting wage as well, depending on their degree. When you look at the choice pragmatically, one may ask the question, "Why don't more high school graduates choose a career college?" One thing to make sure of before you enter any school, whether or not it is accredited by the national governing body, especially if your profession requires licensing like nursing or dental hygiene.

Expenses

When you compare tuition prices with a community college or junior college with that of a career college, you may wonder how you can justify the vast discrepancy. Once you consider the limited availability of spaces in top in demand programs, it becomes easier to justify the cost. For instance nursing schools, dental hygiene schools and other "hot" careers have long wait times to even gain entry.

While these wait times often shorten up, it still may be years before you get into the program. Meanwhile, career colleges have much shorter wait times, or no wait times at all. If you consider the lost earnings of a dental hygienist during the three year wait period, it becomes much easier to justify the higher tuition. Indeed it would cost more over the long run to attend the community college!

Social Life

One of the big reasons graduating seniors go to college is because it allows them some freedom and independence for the first time in their lives. There are few things that compare to the feeling of living on a college campus your freshman year. While career colleges don't typically offer that experience...they do offer many social activities other colleges do not like political and professional associations.

People have a tendency to make friendships and form bonds no matter what the environment is. If you really want to "spread your wings" and get away from home, move out of your parent's house and get some roommates. If you need distance, attend a career college in a different city or state.

The bottom line is career colleges offer many distinct advantages over traditional schools. Relevant education, limited wait times for enrollment and shorter times to graduation are all great benefits. Don't let the perceived disadvantages of a career college derail you from a bright future www.top-colleges.com
